ELECTION BALLOT 2021-2022
Officers and Board of Directors
East Michigan Chapter of the Air & Waste Management Association

BIOGRAPHICAL INFORMATION
Officers and Board of Directors Candidates
East Michigan Chapter of the Air & Waste Management Association

For the Office of Chair

Jennifer Calnen
GZA Environmental Inc.

Jennifer Calnen is currently a Senior Project Manager at GZA and has over 22 years of consulting experience. Ms. Calnen's professional focus specializes in state and federal Clean Air Act compliance, including New Source Review and Title V Renewable Operating Permits, as well as environmental compliance auditing. Ms. Calnen has served as a lead auditor for corporate auditing programs on behalf of two of the largest automobile manufacturers in the world, as well managing or participating in numerous audits at other manufacturing sector facilities. She also participated on a waste-to-energy project involving landfill gas supply and was nominated for a U.S. Environmental Protection Agency Clean Air Excellence Award for efforts related to the project. Ms. Calnen has a BS in Environmental Health and Science from Bowling Green State University.

Ms. Calnen is currently the Vice- Chair of the East Michigan Chapter Air and Waste Management Association. She has previously been Chair of the Programs Committee, responsible for the planning and coordination of Association Workshops, and support functions for other Association programs. Ms. Calnen has been a member of AWMA for 20 years and was actively involved with the 2009 Detroit Annual Conference and Exhibition.

For the Office of Vice-Chair

Linda Gamble
Retired Environmental Professional

Linda Gamble is currently retired from a long and productive career as an Environmental Professional. She was most recently an Environmental Specialist at Toyota's R&D Michigan sites consolidating TSCA and Chemical Management programs. She has over 37 years of automotive environmental experience at Ford, Visteon and ACH, LLC with both corporate and manufacturing facilities accountable for air, water, waste compliance, and ISO14001/EMS programs. She was responsible for environmental construction and decommissioning, including activation/deactivation of air, SWPP, SPCC, and wetland permitting. Her career began at Ford in 1978 with US and Canada construction of wastewater pretreatment facilities, and coordination of air, water and waste management programs. Corporate responsibilities included NSPS and PSD air permitting for Ford's glass manufacturing facilities. Staff responsibilities at Visteon and ACH, LLC included environmental compliance for components manufacturing plants and special assignments developing hazardous waste storage protocol and Lead Control programs. She worked 8 years at the Sheldon Road Plant including environmental decommissioning of the 1.1 million ft² facility. Linda holds a Bachelor of Environmental Science Engineering degree from the University of Michigan.

For Office of Treasurer

Robert Kimble
Sidock Group, Inc.

Bob Kimble is currently a Senior Environmental Engineer with Sidock Group, Inc., specializing in air permitting and compliance issues, SARA reporting and ISO auditing / compliance programs. Prior to consulting, Mr. Kimble worked with the Wayne County Department of Health, Air Pollution Control Division. Mr. Kimble has a Bachelor's Degree in Mechanical Engineering from the University of Michigan - Dearborn.

Mr. Kimble has served on or co-chaired planning committees for the Chapter's conferences, participated in science fair judging on behalf of the Chapter and served several terms as a Director on the Chapter's Board of Directors. Mr. Kimble has served as Treasurer of the East Michigan Chapter since 2015.

ELECTION BALLOT 2021-2022
Officers and Board of Directors
East Michigan Chapter of the Air & Waste Management Association

For the Office of Secretary
Michele Buckler, P.E., LEED® AP
Detroit Diesel Corporation

Michele Buckler is currently the Senior Environmental Engineer for Detroit Diesel Corporation – part of Daimler Trucks North America. Prior to joining Diesel, Ms. Buckler was a Principal with Civil & Environmental Consultants, Inc.; an Associate with FTCH; and an Environmental Health & Safety Manager with CEMEX/Southdown. Ms. Buckler has a Bachelor's Degree in Environmental Engineering from Michigan Technological University, a Master's Degree in Civil Engineering from Wayne State University, a Master's in Business Administration from Michigan State University, and is a P.E. registered in the state of Michigan, with accreditation from the USGBC as a LEED AP BD+C.

Ms. Buckler has served as the Secretary of the East Michigan Chapter Air and Waste Management Association since 2008 and previously served as Membership Chair. Currently, Ms. Buckler is a Director on the board of AWMA's East Central Section. She has served as Chair, Co-Chair, or a committee member for the Fall Joint Conferences since 2007. In addition, Ms. Buckler was the Chair of the Social Programs Committee for the 2009 Annual Conference and Exhibition.

For the Office of Director (3-Year Term)
Roger Kalinowsky
Sidock Group

Roger Kalinowsky has more than 38 years of environmental and engineering experience in industry and consulting. He has extensive experience with air and water permitting, multi-media auditing, waste management, pollution control equipment, SPCC plans, SWPPP's and ISO 14001:2015. Mr. Kalinowsky works for Sidock Group, Inc., where he manages the Environmental Engineering Department. Prior to joining Sidock Group in 2012, Mr. Kalinowsky was a Senior Vice President with NTH Consultants. Before Mr. Kalinowsky began his consulting career, he was Director of Engineering and Environmental Control for National Steel's Great Lakes Division. In that role, he was responsible for implementing Great Lakes Division's capital engineering projects as well as plant infrastructure needs. He was also responsible for the Environmental Control Department.

Mr. Kalinowsky is the current chair of the Membership and Governance Committees of the East Michigan Chapter of AWMA. He is a past chapter chair and past treasurer of the East Michigan AWMA. He is also a past secretary of the East Central Section of AWMA.

Mr. Kalinowsky obtained a Master's Degree in Chemical Engineering from Wayne State University and a Bachelor's degree in Environmental Engineering from Rensselaer Polytechnic Institute. He is a Registered Professional Engineer in the State of Michigan.

For the Office of Director (3-Year Term)
Tom Caswell
Director of Technical Services
US Ecology

Tom Caswell is currently a Director of Technical Services at US Ecology with over 32 years of environmental experience. Tom has expertise in waste and air regulations, permitting, training and operations. He has worked in the environmental industry for many companies including Chemical Conservation, Perma-Fix and EQ. He has held various positions including Environmental Compliance Manager, Operations Manager and General Manager. Tom holds a Bachelor of Science degree from Eastern Michigan University.

ELECTION BALLOT 2021-2022
Officers and Board of Directors
East Michigan Chapter of the Air & Waste Management Association

For the Office of Director (3-Year Term)
Kalyssa Klausung
Ramboll

Kalyssa Klausung is a 2021 graduate of Michigan State University with a BS degree in Environmental Engineering. During her time at MSU (go Sparty) she served as the President of the Environmental Engineering Society, which actively participates in AWMA's Annual Convention & Exhibition Environmental Challenge (ECi). Additionally, she had active roles in the Society of Women Engineers MSU Chapter, as well as participating in incoming freshman panels representing the Environmental Engineering Department.

Kalyssa recently accepted a position with Ramboll in Ann Arbor, Michigan.
